## ABOUT ME

Hello, I am Dim San

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters.

## ACCOMPLISHMENTS

2015-2017

Developed the Front End of a startup's application which enabled it to attract one of the largest investments for Greece and in Europe (11.5 Million Euros for Book'n'Bloom).

2008

Presented my thesis on a new data compression algorithm in the 2nd Panhellenic Conference of Computer Science in Samos called "Eureka", which was acknowledged for its efficiency.

2014

Solely Developed a web application used as a Service Management tool by Media Ram and Media Markt (one of Europe's largest retailer of consumer electronics).

## EXPERIENCE

**Front-end Developer/**  
Booknbloom/ Nov 2015 - Present

Worked in a multidisciplinary Scrum team to build a cutting edge Facebook App for Appointment Bookings.

2015

**Full-Stack Software Engineer & Design**  
Inreality.gr/ Nov 2015 - Present

Rebranded, Designed and Developed the website for a Real Estate agency.

2013

### G.M. Glass Application

This application was created by me for the company GM Glass Pty. Ltd. It is used to calculate the cost of the glass needed for a project. GUI is very simple to use and transparent to give the feeling that the program was made of glass. It has features such as glass type database management, glass price database management, options, complex design glass calculator and many more...

## EDUCATION

### Diploma of Graphic Design @ Swinburne University, Australia

The Diploma of Graphic Design enables students to combine technical, creative and conceptual skills to create designs that meet client requirements and solve a range of visual communication challenges. Using both traditional and computer-based media, students discover how to assemble 'camera-ready' and digital artwork for graphic reproduction and web-based outputs.

Major study areas include: design, design theory, digital art and design, graphic arts, design process, drawing techniques, typography techniques, design theory practice, web design, graphic pre-press, design concept, digital imaging and print processing.

Feel free to contact me for feedback, project cooperation or any other matter. I will reply as soon as possible...
